Re: Freedom of Information Act Request
Our File Number: 12-7276.001

Dear Sir/Madam:

We represent Virginia and Ronald Colson in the litigation captioned "Ronald and Virginia Colson, et al v. Colfax Treating Company, LLC and City of Pineville"; Suit No. 236,116 pending in the Ninth Judicial District Court of the State of Louisiana. We understand from counsel for the City of Pineville that US EPA produced a box of documents to the City of Pineville, but counsel claims that the City was told by US EPA not to give the documents to anyone else. The litigation involves a release from the City of Pineville's POTW during Hurricane Gustav, September 2 through 3, 2008. DEQ has labeled this the Church Street Incident Site, AI #162776. We are requesting any and all documents generated by US EPA regarding this incident or any consultants retained by US EPA. We do not need any documents provided to US EPA by Colfax Treating Company, LLC and/or the City of Pineville or the Louisiana Department of Environmental Quality. We would prefer to receive the documents on cd or dvd as opposed to paper. Please contact me as to the estimated costs of this request. Your kind assistance and cooperation are greatly appreciated.

Sincerely yours,

Joseph J. Bailey
